

NOTICE

March 22, 2020

We are providing telemedicine service this week.

If you have an appointment for a BioTe pellet insertion, Ideal Protein follow up or need to pick up products (supplements, skin care, meal replacement) please text or call the front desk (281)52-7800 when you arrive.

In effort to keep our patients, staff and community safe and prevent unintentional spread of COVID-19 infection **we are providing care to our patients via telemedicine for the week of March 23rd - 28th** . Most of our staff are operating remotely.

Patients who have an appointment for BioTe hormone pellet insertion. Please text or call our front desk (281)542-7800 when you arrive.

Ideal Protein clients. Please contact your coach regarding your weekly follow up visit. Some patients may be seen in the office, others will meet via Zoom Online Meeting. Please call or text our front desk (282)542-7800 when you arrive.

Prescriptions will be sent electronically to pharmacies. We recommend utilizing your pharmacy's drive through window to pick up your medications.

We are NOT performing lab work this week. Commercial laboratories are overwhelmed by staff shortages and increased demand due to COVID-19. If you had lab work scheduled, or were instructed to have lab work performed, please check next week to see if service has been restored. If you feel you have an urgent need for lab work please contact our staff. **We are NOT providing COVID-19 testing.** Via government mandate announced on 3/22/20 only patients admitted to a hospital will receive testing for corona virus. If you feel you required testing please contact your local health department for advice.

Aesthetic services are not being performed this week. Please contact your provider if you have concerns regarding a delay in treatment or follow up. We hope to have these services available soon.

Please check our website and Facebook page
for updates.

We thank you for your cooperation.
